COMMUNITY

MIU will provide a healthy and supportive environment to aid scientific inquiry and discovery, with an international multicultural spirit be nurtured in the surrounding community.

At present the campus area requirement of land is minimum of 30 Acres and maximum of 150 acres. The campus community is culturally diverse, with sensitivity in preserving the environment and conserving scarce resources in keeping with the region's climate.

The main part of the campus has dormitory capacity for (TBD) students and Staff who benefit from a shopping area, Islamic banks, post office and many eating places. Also a wide variety of sports facilities, including gymnasiums, tennis courts, basketball, Soccer, football fields, jogging trails, indoor and outdoor swimming pools will be available on MIU campus.
